# INDEX TO VOLUME 40

The following abbreviations indicate the source of material indexed: "ab," abstract under Current Literature; "br," Book Reviews; "cc," Current Comment; "ed," Editorial; "f," filler; "l," letters to the Editor; and "nn," News Notes. An asterisk indicates an original article in this JOURNAL. Book Reviews appear in the subject index under the heading, "Book Reviews." The Author Index, which follows the Subject Index, includes only the names of authors of original material appearing in this JOURNAL in full or abstracted in the editorial section or in fillers, and the authors and reviewers of books reviewed.

## A

Acidity, pH changes in stored frozen foods, ab 44
Acoustical designing, ab 562
Additives, food
  statement on, f 101
  problems of control of, ab 231
  pros and cons, ab 142
  report on carcinogenic hazards of, nn 360
Administrator
  dietitians' responsibilities to, ed 41
  qualities of good, ab 246, ab 246
Administration, explicit and implicit, ab 560
Adolescents
  girls
    diabetic, physical fitness in, ab 545
    diets of, ab 238
  niacin nutrition of, ab 333
  nutritional aspects, ab 240
  nutrition education booklets for, nn 480, nn 484
  nutrition research on, ab 346
  riboflavin nutrition of, ab 333
  weight control in, *519
Advertising, radio, as misbranding of food supplements, f 213
Aged
  blood pantothenic acid in, ab 450
  feeding of, ab 346, ab 450, ab 562
  food intake and energy output
    in men, ab 231
    in women, ab 230
  malnutrition in, ab 232
  meals-on-wheels program sponsored by hospital, f 217, ab 454
  and serum alkaline phosphatase, ab 450
  serum sodium in, ab 548
Aging, nutrition in, ab 540
Agriculture, use of fresh produce down in 1961, nn 364
Alcohol sensitivity with diabetes, ab 338
Alcoholism, hepatitis in, ab 231
Algae
  health aspects when grown in sewage, ab 445
  nutritive value of, ab 445
  in space feeding, *528
Alkaline phosphatase, serum, and age, ab 450
Allergy
  factors in cow's and goat's milk, ab 46
  food, ab 340
  orange juice in infants, ab 444
  to squash and sweet potatoes, ab 348
Altitude, high
  booklets on cooking, nn 66
  food preparation at, ab 62
American Dietetic Assn.
  Nominating Committee report, ed 224
  Roberts, L. J., Essay Award, rules and topics for, f 324
Amino acids
  argininosuccinic aciduria in maple syrup urine disease, ab 336
  FAO reference pattern evaluated in human nutrition, ab 146
  limiting, in maize protein, ab 136
  metabolism in insulin deficiency, ab 236
Aminoaciduria
  in children with Fanconi and Lowe syndromes, ab 240
  in lead intoxication, ab 447
Anemia
  in England
    London, 10-yr. study, ab 336
    rural areas, ab 336
  iron deficiency, syndrome of, ab 42
  macrocytic, vitamin $B_{12}$-binding capacity in, ab 142
  pernicious, and folic acid, ab 136
  in protein deficiency, ab 146
  and scurvy, ab 444
Anorexigenic drugs compared, ab 444
Antarctic, caloric requirements in, ab 46
Antibiotics and serum cholesterol, ab 43
Aorta, lipogenesis in, ab 240
Appert, N., biographical note, f 119
Appetite
  drugs to depress, ab 444
  and hunger and energy balance, ab 44
  stimulated by sugar, ab 527
Appetizers, ab 62
Apples, health value of, nn 264
Architect
  dietary consultant on staff of, ab 562
  and dietitians plan together, ab 56
Argininosuccinic acid in maple syrup urine disease, ab 336
Armed Forces, atherosclerosis in, ab 554
Army Medical Specialists Corps is 15 years old, nn 466
Arteries
  effect of polyunsaturated fat on atherosclerotic, ab 540
  fatty acids in coronary victims, ab 540
Ascorbic acid
  in dehydrated and canned potatoes, *211
  in sulphited potatoes, *214
  in thalassemia, ab 46
Atherosclerosis
  in Armed Forces, ab 554
  in the Bantu, ab 338
  and coronary heart disease, *407
  and diet in Ceylon, ab 136
  effect of polyunsaturated fatty acids on arteries, ab 540
  and fats, ab 50
  in mammals and birds, ab 540
  in northern India, ab 542
  recent developments in, *100, *403, *407
Athletes, liquid diet for, ab 340
Australia
  dairy foods in diet, ab 144
  dietary allowances for, ab 545
  nutrition in, ab 545
Aversions, food, of schizophrenics, *330

## B

Bacitracin mouthwash and dental caries, ab 244
Bacon
  fats, irradiated, and cancer in mice, ab 238
  low-sodium vs. regular, ab 48
Bacteria
  in frozen seafoods, ab 44
  in frozen shrimp, ab 142
  heat injury to, ab 238
Baking
  cakes, decorating of, ab 156
  factors affecting, ab 450
  at high altitude, booklets on, nn 66
  planning production areas, ab 158
  questions answered, ab 250
Bantus
  athersclerosis in, ab 338
  siderosis in, ab 542
Barron food pump for oral feeding, ab 334
Beans
  blue lake green, ab 356
  history of use in Southwest, *419
Beef grading
  new proposals by USDA, nn 574
  value of, nn 68
Beets, handling of, ab 460
Beezley, P.A., honored, nn 162
Berkeley, Calif., dietary survey precedes nutrition program planning, ab 556
Behavior patterns of women with and without cardiovascular disease, ab 232
Benedict, F. G., biographical note, f 227
Bibliography on food administration, ab 250
Birds
  athersclerosis in, ab 542
  wild, as human food, ab 556
Biscuits, rules for making, ab 160
Blood
  cephalins in, ab 236
  effect of standard of living on, ab 233
  transfusions, should not be used as nutritional therapy, ab 540
Body composition, ab 52
  in young women, predicting, *102
Bones
  effect of undernutrition on, ab 231, *521
  mechanical strength and undernutrition, ab 542
Bonemeal as calcium supplement, f 568
Book Reviews
  Around the World in Eighty Dishes, 443
  Art of Clinical Instruction, The, 134
  Attack on Starvation, 135

  Toward the Conquest of Beriberi, 130
  Tropical Nutrition and Dietetics, 135
  World Review of Nutrition and Dietetics, 133
Bread
  bakery, use drops, f 518
  fortified with soya meal, value of, ab 540
  gluten-free, mix for, nn 488
  instant mix, flavor in, ab 446
  in low-sodium diets, ab 148
  made from chlorine dioxide-treated flour, ab 42
  used in Georgia, nn 470
Brillat-Savarin's contribution to food preparation, ab 52
Budget for hospital dietary department, ab 458
Buffet food service, ab 252, ab 348
Burners, thermostatically controlled, ab 62

## C

*Cl. botulinum* growth below 40°F., ab 238
Cabbage, f 431
Cakes
  decorating, ab 156
  mixes, report on, ab 46
Calcium
  bone meal as supplement, f 568
  excretion in osteoporosis, ab 336
  high-, diet for osteoporosis, ab 150
  hypercalcemia, *99
    potassium depletion in, ab 148
  intake
    of children, ab 334
    of Israeli pregnant women due to flour enrichment, *120
  metabolism, ab 43
  transport related to vitamin D, ab 50
Calculation of nutritive value, short method for institutions, *301
Calories
  intake
    of aged, and energy output, ab 230, ab 231
    and fat deficiency, ab 447
    related to potassium excretion, ab 548
  requirements in Antarctic, ab 46
  restricted, protein value of diets, ab 46
  in sugar-coated tablets, ab 44
Cancer
  and gastric ulcer, ab 44
  in mice, and irradiated bacon fats, ab 238
Canned foods
  data on, ab 158
  storage of, ab 236
  versatility of, ab 566
Cape Barren Island, dietary survey on, ab 142

Carbohydrate
formation in insulin deficiency, ab 236
-free diet, thiamine deficiency in, ab 231
metabolism
and coronary heart disease, ab 234
in dystrophia myotonica, ab 242
in periodic paralysis, ab 42
in potential diabetics, ab 148
Cardiovascular disease (see Coronary heart disease)
Career guidance, nn 74
Caries, dental
and bacitracin mouthwash, ab 244
fluoride
and diets, ab 447
in New Zealand, *204
and fluoridation, ab 244
selenium, ab 46
Carotenoids in sweet potato flakes, ab 340
Carpenter, E. A., honored, nn 162
Carpeting for restaurants, ab 244
Celiac disease
antibodies to wheat gluten in sera, ab 336
characteristics of, ab 556
Centralized food service, ab 458
Cephalins in blood, ab 236
Cereals
labeling standards for packages adopted, f 426
use in Georgia, nn 470
Cerebral palsy, growth of children with, *525
Cerium, radioactive, in food, ab 248
Ceruloplasmin, copper in, ab 45, ab 236
Cesium, radioactive
excretion and potassium intake, ab 232
in rice plants, ab 558
Ceylon, diet and atherosclerosis in, ab 136
Chairs, dining, ab 250
Cheese, dagano, ab 246
Chemical warfare, toxic agents on food, ab 446
Chemicals in foods, Food and Nutrition Bd. report, nn 64
Chicken
preparation of, ab 62
tenderness, effect of aging on, ab 340
Children
adolescents, weight control in, *519
African, growth and mortality in, ab 336
calcium intake of, ab 334
with cerebral palsy, growth of, *525
with diabetes, ab 342
hospitalized
feeding of, ab 154
food acceptance of, *323
nutritional problems of, ab 242
in Ohio, nutrition of, nn 64
overweight, *511, f 527
in San Blas Islands, Panama, health of, ab 46
sick, fluid and electrolytes in, ab 344
vitamin $B_{12}$ in pre-adolescent girls, ab 344
weight-for-height standards, nn 468, *511
Chinaware, ab 356
Chinese foods in hospital food service, ab 56
Chloride in cake flours and flour fractions, ab 232
Chlorine dioxine, bread made from flour treated with, ab 42
Chlorpropamide, regulating diabetes with, ab 450
Chocolate, ab 464, ab 464
Cholesterol
blood
and atherosclerosis, *403
methods for lowering, *404
effect of dietary fats in rabbits, ab 230
-lowering agents, ab 234
metabolism, effect of dietary fat on, *417
serum
and antibiotics, ab 43
diets to control, ab 233, *427
in Denmark, ab 346
in hypertension, ab 447
in infants, ab 445
and intake of hydrogenated fats, ab 344
limitations as diagnostic index, ab 44
and length of venous occlusion, ab 545
in mice, ab 558
modification by diets, ab 232, *427
and myocardial infarction, ab 142, ab 542
and para-aminobenzoic acid, ab 444
reduced, by reducing saturated fatty acids in the diet, ab 540
Cholesteryl ester fatty acid patterns, ab 552
Choline deficiency with high-fat diet, ab 146
Chorionic gonadotropin and obesity, ab 142
Chronic patients, feeding of, ab 562
Chylomicron metabolism, ab 233
Cirrhosis, plasma protein in, ab 45
Civil defense
booklets published, nn 466, nn 594
disaster food service, ab 158
disaster plan for hospitals, cc 435, cc 437, ab 454
education for citizens, f 440
Emergency Feeding Program for, *432
food and water in nuclear war, ab 146
food requirements in shelters, report on, nn 362, nn 466
food supply and nuclear attack, ab 545
questions to use in planning emergency feeding in institutions, cc 435
training hospital food service workers for emergency feeding, cc 437
Clark, L. R., honored, nn 162
Cleaning with steam, ab 54
Coagulation, blood, diet and, ab 234
Cocoa, ab 464
Coffee-making
developments in, ab 350
instructions in Spanish, nn 488
rules for, ab 246
Communication
and administration, ab 148
dietary survey precedes program, ab 556
interprofessional, ab 334
types defined, ab 454
Community nutrition
in home care programs, ab 445
programs to promote nutritional change, ab 50
Computers
for calculating food values
in dietary surveys, *308
in institutions, *301
and food control, ab 450
in hospital food service, ab 56
in physiologic research, ab 338
Congo, health problems of, *201
Consultants, dietary
on architect's staff, ab 562
to nursing homes, *313
Consumption
of eggs in U.S., f 520
of fresh produce in 1961, nn 364
of orange juice, nn 574
of peanuts in U.S., nn 364
of potatoes, f 113
Contract food service, ab 58
Cookery
Chinese, ab 348
deep-fat frying, ab 462
fish, ab 456, ab 460, ab 562
fish sauces and seasonings, ab 460
Italian, ab 558
meat
delayed-service technique, ab 156
procedures in, ab 150
microwave, ab 158
for palatable diet high in unsaturated fat, *427
of rice, ab 462
vegetable, ab 348
Cooking, effect on nutritive value of meat fats, *422
Cooks, shortage of, ab 456
Copper
in ceruloplasmin, ab 45, ab 236
in liver and hair in kwashiorkor, ab 231
metabolism, ab 146
in Wilson's disease, ab 556
Corn
history of use in Southwest, *220
Latin American, nutritive value in different localities, ab 338
lime-treated, niacin in, ab 552
nutritive value of protein, ab 444
Coronary heart disease
approaches to prevention, *407
behavior of women with and without, ab 232
carbohydrate metabolism and, ab 234
cephalins in blood in, ab 236
cholesterol reduced by reducing dietary saturated fatty acids, ab 540
and diet, ab 550, ab 550
and fats, ab 50
and fatty acids in adipose tissue, ab 540
feeding patients with, ab 346
myocardial infarction and serum cholesterol, ab 142, ab 542
review of recent research, *403
and salt intake, ab 144
weight reduction achievement in patients with, cc 532
in Yemenite Jews, ab 346
Coronary Prevention Evaluation Program in Chicago, *410
Corn oil in modifying serum cholesterol, ab 232
Corticosteroids, nutritional and metabolic effects of, ab 242
Cost accounting, spread sheet for, ab 244
Cost control
by balancing menus, ab 566
food, ab 566
of food in U.S., in terms of working time, f 332
of raw food, ab 250
records for, ab 454
Curries, ab 462
Cystic fibrosis, fatty acid composition of serum in, ab 554

## D

Dairy products
in Australian diet, ab 144
consumption trends in U.S., nn 264
Data processing equipment (see Computers)
Danish pastry, ab 356
Deficiency
choline, with high-fat diet, ab 146
fat, and caloric intake, ab 447
iron, syndrome, ab 42
magnesium, ab 556
mineral, in New Zealand, *204
potassium, water excretion in, ab 342
protein, anemia in, ab 146
pyridoxine, and hypercholesteremia, ab 334
thiamine, with high-protein, carbohydrate-free diet, ab 231
vitamin A, ab 448
vitamin $B_6$, protein synthesis in, ab 552
Delegation, technique of, ab 454
Dept. of Agriculture, U.S., Food for Peace program, ab 462
Denmark, serum cholesterol in, ab 346
Desserts for holidays, ab 244
Diabetes
in adolescent girls, physical fitness of, ab 545
in Africans, ab 45
alcohol sensitivity with, ab 338
amino acid and carbohydrate metabolism in insulin deficiency, ab 236
childhood, ab 342
chlorpropamide to regulate, ab 450
detection study in Japan, ab 338
education
knowledge of patients, ab 550
printed material for, ab 545
gastric emptying in, ab 236
growth-onset type, ab 232
juvenile, lipid clearance in, ab 556
low-fat, high-carbohydrate diet in, ab 140
in mothers
effect of glucagon on infants, ab 50
feeding infants of, ab 48
nicotinic acid and, ab 545
oral treatment of, ab 45
patients learn with teaching machines, nn 162
potential, carbohydrate metabolism in, ab 148
pre-, in mothers of large infants, ab 43
pregnancy
blood sugar findings during, ab 140
in prediabetic women, ab 43, ab 346
protein metabolism in, ab 242
in Yemenite Jews, ab 346
Diet therapy
bread in low-sodium diets, ab 148
cookbook for reducing, nn 278
to control serum cholesterol, ab 232, ab 233
of dumping syndrome, *108
effect on blood serum in kwashiorkor, ab 450
formula diets for reducing, ab 45, cc 535, cc 538
after gastric surgery, *111, ab 230
high-calcium diet for osteoporosis, ab 150
high unsaturated fat diet, *427
low-fat, high-carbohydrate diet in diabetes, ab 140
"modified emotional diets" in mental hospitals, *319
modified menus, planning in nursing homes, ab 458
nutritional needs with, ab 42
in phenylketonuria, ab 43, ab 244
ending of, ab 346
to prevent coronary heart disease, research on, *411, *427
Sippy diet for peptic ulcer, ab 42
sodium restriction, ab 248
in hypertension, ab 336
in ulcerative colitis, ab 334
Dietary allowances, Australian, ab 545
Dietary surveys
of Cape Barren Island, ab 142
of Korean farmers, ab 550
before planning a nutrition program, ab 556
use of computers in, *308
Dietetics
in Haiti, ab 246
in New Zealand, ab 344
Dietitians
employment outlook, report published, nn 162
ideas about "quality" food, *321
responsibilities to administrators and physicians, ed 41
shared, ab 60

therapeutic, function of, ab 154
Disaster food service (see Civil defense)
Dishwashing, ab 56
memo-motion to study, ab 56
Distribution systems, food, in hospitals, ab 562
Double bean
flour, digestibility of, ab 230
nutritive value of, ab 230
Dumping syndrome, ab 48
dietary management of, *108
should be called "jejunal hyperosmolic syndrome," f 110
Dystrophia myotonica, carbohydrate metabolism in, ab 242

E

Economics, food
home production in U.S., f 550
in U.S., f 332
Education
adult, home economists as resource persons for, ab 558
dietetic, in Latin America, *15
nursing, nutrition in associate degree program, ab 148
teaching machines, ab 354
for diabetes, nn 162
Eggs
consumption in U.S., f 520
linoleic and linolenic acids in, ab 146
types of processing compared, *31
value in food service, ab 356
Electrocardiographic abnormalities increase risk of coronary heart disease, *408
Electrolytes
and fluid absorption, ab 544
in sick children, ab 344
Electronic cookery, ab 158
Emergency mass feeding (see also Civil defense)
government program, *432
training instructors for, cc 438
Employees
orienting new, ab 152
Spanish-speaking, training in sanitation, ab 456
England (see Great Britain)
Enrichment
of bread with soya meal, ab 540
in Israel, value to pregnant women, *120
25th year in U.S., ab 45
Enzymes to tenderize meat, ab 550
Equipment
burners, thermostatically controlled, ab 62
dishwashers, ab 56
fat-filtering, ab 454
fire-fighting, ab 160
glass washer, ab 562
ice machines, ab 560, ab 566
kitchen, source of information, l 254
mixers, ab 58
pot and pan washing machines, ab 562
pressure cookers, ab 58
purchasing, ab 350
refrigeration, ab 62
steam-cooking, booklet on selection of, nn 78
trends in, ab 150
utensils, ab 154
versatility of, ab 356
Eskimos, insecticide content of diet and body fat of, ab 244
Europeans, atherosclerosis in immigrants to Israel, ab 446
Executive development program of NRA, ab 60
Exercise, radiocardiography and, ab 545

F

Faddism in dieting, cc 535
Familial hypercholesteremic xanthomatosis, serum lipids in, ab 136
Fanconi syndrome, methionine excretion and aminoaciduria in, ab 240
Fasting, effect on lipid levels of serum and liver, ab 146
and atherosclerosis, ab 50
Fat
bacon, irradiated, and cancer in mice, ab 238
body, in young women, predicting, *102
capacity of comminuted meat for emulsifying, ab 142
clearance in juvenile diabetes, ab 556
composition and biogenesis in an aorta, ab 340
for deep frying, ab 248
filtering equipment cuts needs, ab 454
deficiency and caloric intake, ab 447
dietary
effect on cholesterol metabolism, *417
and erythrocyte fatty acids, ab 344
to lower blood cholesterol, *404, *427
human, fatty acids in, ab 333
hydrogenated, and serum cholesterol, ab 344
intake
high, choline deficiency with, ab 146
and vitamin $B_{12}$ requirements, ab 344
intravenous infusion of, ab 548
in lamb, nn 470
in meat
estimating by gamma-ray emission, ab 44
fatty acid composition of, ab 238
nutritional value of cooked, *422
metabolism in kwashiorkor, ab 136
Fatigue, problem of, ab 242
Fats
in human foods, ab 50
hydrogenation of, ab 50
saturated and unsaturated, effect on lipid metabolism, ab 447
unsaturated, palatable diet high in, *427
value of dietary, compared, ab 552
Fatty acids
in adipose tissue in coronary arteriosclerosis, ab 540
chain length and serum lipids, ab 554
dietary, effect in rabbits, ab 230
in erythrocytes, and dietary fat, ab 344
essential, requirements for, ab 234
and heart attacks, ab 550
in human adipose tissue, ab 333
linoleic and linolenic acids in egg, ab 146
metabolism of, ab 233
in man, ab 238
pattern of cholesteryl esters, ab 552
polyunsaturated, effect on atherosclerotic arteries, ab 540
saturated, synthesis of, ab 233
of serum chylomicrons in cystic fibrosis, ab 554
unsaturated
reduce to reduce serum cholesterol, ab 540
synthesis of, ab 233
Fiji Islands, hypertension in Indian males in, ab 233
Filiariasis, a world health problem, *200
